## Democracy's Big Primary

### BATTLE OF THE BALLOTS!

Several Singularly Surprising  
Surprises Sprung.

### MUCH MONEY MADE THE MARE MOVE

After months of eager preparation and the expenditure of vast stores of "ammunition," the Democratic Primary was pulled off Saturday according to the advertised program.

It was a pretty family affair, and so far as The Ledger is able to judge the contest was conducted in the most

friendly spirit—as politics goes.

Representative J. W. Alexander, Judge C. D. Newell, Clerk Clarence L. Wood and Attorney Frank P. O'Donnell were easy winners, but this did not prevent them from bearing a due share of the hurra.

The interest appeared to center in the race for School Superintendent, with the Assessors and the Sheriffs following in the order named.

In the former, Mr. Wells made a race of which he may feel proud; and if he shall prove as good at Superintending as he is at Spruiling the people of the county will be blessed.

"Billy Hawes the Haymaker showed his back to his colleagues at the contest, and by the time he got to the election pole they were no wharf."

Mr. J. R. Robertson was, according to the long-established rule of the Court-house ring, the only rightful successor

to the Sheriffship; and it was little short of presumption to even attempt to wrest this honor from him. Mr. Thomas L. Best, the defeated candidate, is one of the most excellent gentlemen of the county, and as this is the second time he has been "thrown down" by the "unconscionable," his friends are not in the best possible frame of mind.

The contest for Coroner was so limp that it was several hours before enough returns could be gotten together to hold an inquest over; but finally sufficient figures showed up to indicate the nomination of Mr. Wood.

It was with considerable difficulty, also, that authentic returns could be had from the several Magisterial Districts in which elections for Magistrate and Constable were held, although this is by far the most important element, the Magistrates being the custodians of the county's financial affairs.

Below The Ledger gives the best figures obtainable; and while they may not be absolutely correct in every instance, the changes made by the official count will not alter the result.

We want to call your particular attention to our Juvenile Department. In it we are very strong. Some of the boys will soon need Confirmation Suits. We have an elegant line and we want you to see them.

## UNDER THE HEAD OF CURTAINS!

Quite a chapter might be written that would prove of interest now. We told you last week of Rope Fortieres. Many came, all bought. However a few curtains remain, less than a dozen but you may be a proud possessor if you're prompt. \$1.00 Fortieres for \$1 is not a daily occurrence so take the chance at this risk.

### TAPESTRY PORTIERES!

Heavy double face, reversible, full length and width, handsome fringe with large tassels, new, stylish patterns, six different color schemes. A pair \$2.50 to \$5.

### SAMPLE LACE CURTAINS!

No space to mention them before they almost sell too fast—we can hardly supply demand. A new lot. White, cream, ecru. Regular width, length two yards. In regular length they'd sell for \$3.50 to \$7 a pair. These shorter lengths 29c and 85c each. For door, ash and small window curtains.

### NOTTINGHAM CURTAINS!

Fifty designs, all full 8 1/2 yards long, over-lock stitched edges. At whatever price every curtain an unexcelled value. 50c to \$10 a pair.

## THE BEE HIVE

A very good customer of ours remarked to one of the proprietors yesterday that we carried so much finer and nicer goods than the old firm. Of course we do. We don't intend to stand still. The Bee Hive must improve each day. If we don't improve it's your fault, not ours. If we don't carry fine enough goods for you, speak out and we will have them sure. That's what we came to Maysville for—to please you, not ourselves.

It is believed in Rome that the points at issue between the Vatican and the United States Government regarding Church property and the religious orders in the Philippines are on the point of settlement. Spain is said to have protested to the Pope against the threatened confiscation of the property of religious orders, and to have received such an emphatic reply that the request is not likely to be renewed. Archbishop CHAPPELLE is in Rome and Cardinal GIBBONS will soon be there.

UNDER the caption, "Who can answer?" The Louisville Post puts these "incongruous" questions—  
"Who furnished the \$200 put away for the appearance of Barber Weaver in the Scott County Court?"  
"Why was only \$200 required in so serious a felony case, where the evidence of guilt was so conclusive?"  
"Was not a reasonable presumption that Weaver was innocent on such a bond made his disappearance?"  
"Is it reasonable to suppose that an itinerant barber could raise \$200 without substantial assistance?"  
"Who gave him this assistance?"  
"What was the motive of this help to a man who had sworn falsely against the life of his fellow man?"  
"Why has no action been taken to find and bring to justice a man who practiced a fraud on the prosecution in the Powers case, if the prosecution was seeking honestly to find the guilty man?"

"Mr. ROBERT FRANKLIN will not permit this palpable shielding of a most despicable criminal to go unrebuked, even by word or action. He has publicly pledged himself to a vigorous prosecution of Weaver, and he must redeem that pledge by finding the men who put up the money for Weaver."

The sixth annual Council of the Episcopal Church, Diocese of Lexington, will convene in St. John's Church in Versailles tomorrow.

It appears that the suicide of Mark Smith, colored, at Washington—particulars of which appeared in Saturday's Ledger—was a premeditated affair. Some days previously he acquainted an acquaintance who was digging a grave and remarked, "The next one you dig will be for me." It is said that he had been threatened with a "thrashing" at the hands of another party, and this is thought to have inspired the rash act.

## HILARIOUS HILARITY.

The Cincinnati Sunday Excursionists Have a Fighting Good Time.

Just as the New South was landing at the wharf yesterday afternoon, having on board several hundred Cincinnati toughs of various colors and sexes, the bad whiskey broke out like the smallpox.

There were three well-defined fights in about thirteen seconds, and it was funnier than a whole row of monkeys. An officer grabbed two belligerents and all three fell off the deck down a stairway from the hurricane to the boiler deck; but the officer held to his men like death to a sick doctor, and they were hustled down stairs and back in the deck-room.

Quiet was finally restored, the staling lowered, and some two hundred men, women and others departed, their places being taken by an equal number of Mayville folk who made the run to Manchester.

Returning at 8 o'clock the boat swapped the Mayville party for the Cincinnati gang and proceeded on her way to the Queen City on the Rhine.

Nothing can be given with safety to very young babies, and it will check simple weasels, colic, diarrhea and constipation.

Great relief is experienced when administered to young children suffering from diarrhea, accompanied with white or green evacuations, from the fact that LAXAXA restores the activity of the bowels and carries out the cause of fermentation, adds nutrition, relieves restlessness, causes nature and induces sleep.

It is a gentle and safe remedy to use during all conditions of health of the child, and whenever there is any disturbance of the bowels, it is the best and most effective laxative for children. BEST because it is safe, and most gentle of harmless ingredients. BEST because it is not irritating and never causes pain or irritation. BEST because it is pure and never fails. BEST because it is a pleasant and sure little baby remedy that cures that bad and nasty little bowels. DON'T DO IT—give them LAXAXA.

## A BENTLE HINT.

In our style of climate, with its sudden changes of temperature, cold and warm, and sometimes intermingled in a single day—it is no wonder that our children, friends and relatives are so frequently taken from us by neglected colds, and the death resulting directly from this cause. ## Kentucky Intelligence.

THE KUKLUX OUTLAWS.

Now for Them Given Up by the Detectives—Known Men's Body Found.

Mayfield, Ky., May 20.—John Wright and his men, who have been making a determined effort to capture the kuklux outlaws of Boone's Cove, this county, gave up the chase, wholly impossible, to find them, owing to the dense foliage of the mountain timber. The men will return to their homes.

The finding of the body of an unknown man on Boone's Cove, near the scene of the big battle with the officers' posse and two of the outlaw gang above here, created great excitement.

The body was found near the home of William Bentley, a farmer. His body was found on the ground below a small sawwood sapling, to which he was tied with a hickory whip. Although the body was badly decomposed, three bullet holes were found in it, and it was in the kuklux outlaws' stronghold, foul play is suspected.

**A NATIVE KENTUCKIAN.**

Tommy Britton, the Jockey Who Killed Himself in Cincinnati, Was Born in Berea.

Lexington, Ky., May 20.—Tommy Britton, the jockey who killed himself in Cincinnati Sunday, was born at Berea, Ky., 28 years ago and began to ride at the age of 17 for J. S. Williams, of Louisville. He had ridden for W. H. Laudeman and S. Barnes, J. E. Pepper and James Murphy. Among the noted horses which he rode victory were Proctor Knott and Tumbler. While riding Proctor Knott for Col. Pepper in Chicago in 1891 he was thrown and his skull fractured. He will be buried here Tuesday.

**A Lynching Prevented.**  
Owensboro, Ky., May 20.—Thomas Mullin, a one-eyed dwarf, was arrested charged with having criminally assaulted Frances Wilson, 5 years old. A physician who was called stated that the girl had not been assaulted, and this announcement prevented a lynching. The jail is being guarded.

**The Universalists' Officers.**  
Hopkinsville, Ky., May 20.—The state convention of Kentucky Universalists Sunday night elected the following officers: President, Rev. H. C. Beckwith, of Hopkinsville; secretary, Miss Fairleigh Dowling, of Crofton; treasurer, B. F. Johnson, of White Plains. The next meeting will be held at Crofton.

**King's Courier Sold for \$27,000.**  
Lexington, Ky., May 20.—A private letter received here confirms the sale of King's Courier, by Kingston, Daniel Styling, to Lord Elmsmere, in England, for \$27,000. The horse was bred by J. E. Pepper, at Meadowcroft, near Lexington, who sold him to Wm. Stivers, in England.

**Want a Parole for Jas. Crane.**  
Frankfort, Ky., May 20.—An effort is being made to secure a parole for James Crane, who was sent from Penitentiary county for 21 years over ten years ago for killing a man on a Q. J. passenger train. Miss Ida M. Pelton, of Somerset, is here to ask parole.

**Vance Nickols Will Sue.**  
Lexington, Ky., May 20.—In a letter to his parents here Vance Nickols indicated that he would sue the National Trotting Horse Association because of his suspension on the charge of trotting Arch Ward, in a class lower than his own.

**Is Wanted in Milwaukee.**  
Owensboro, Ky., May 20.—W. A. Ward, said to be a well known crook with many aliases, who is wanted in Milwaukee for grand larceny, was caught at his home Sunday morning by Officers Dawson and Sherwood.

**They Settled a Grudge.**  
London, Ky., May 20.—John Whitmore, an athlete of the tussling hotel, shot and fatally wounded Ed Perdes, a marble cutter, in the office of the hotel. Settlement of an old grudge.

**Dead While Fishing.**  
Louisville, Ky., May 20.—Frederick Miller, a dairyman, was fishing at Blackstone's Mills, on the Indiana side, when he rolled from his log a corpse. Death was due to heart failure.

**Charged With Murder.**  
Lancaster, Ky., May 20.—Theo. Riffe, aged 21, was arrested charged with killing Bud Grubbs, aged 17. Riffe is colored. Riffe says the shooting was accidental.

**Plagued by Death.**  
Paducah, Ky., May 20.—Hurley Jenkins, a dagman on the Illinois Central, was run over and killed while trying to board the caboose of his train at Runyon, Ky.

**Kentucky Doctors to Meet.**

**Katherine Germaine, Actress, Strangled Nearly a Dozen of Strachan Mills and May Die.**

**TOOK AN OVERDOSE.**

**Minneapolis, Minn., May 20.—Katherine Germaine, playing the leading role in the "Highwayman" at the Metropolitan opera house, was found dead, swallowed nearly one dozen strachan pills Sunday afternoon and may die. She had toothache Sunday afternoon and a dentist gave her pills with instructions to take one every three hours. The instructions were misunderstood, and Miss Germaine took the overdose. At midnight condition was critically.**

**San Francisco, May 20.—Irving Gen. Frederick D. Grant, who returned from Manila in the Steamer "Sigsbee" of the condition in the Philippines, said:**

**"Everything is settling down and we are getting at the real work of governing and teaching the people. Their peculiar national character makes them hard subjects for the present. You must remember that they were originally pirates; that their civilization is of the 14th, not of the 20th century; and the tendency is to regress, not to advance among them that it amounts to a desecration. In many districts the paying of tribute to robbers is considered the regular thing, no more out of the way than taxes. Our task now is to give them good government in their municipalities; to protect themselves against themselves, unless they burn a taste for order, and then withdraw gradually from active interference, leaving the towns one at a time as we see that they can be trusted, but having our troops within striking distance for some time, after we leave any district, so as to insure against a relapse. We must expect much robbery and homicide, and even murder for a long time."**

**Surprising Results.**  
"It is surprising to see the results that have been obtained in getting law and order into these places in the few months of comparative peace. My district included the provinces of Pangasinan and Batavia, with the population of 1,000,000. All Tagalog provinces, and considered the most lawless in the islands. Now there is a robber band in the whole district, a condition unheard of in the whole history of the Philippine people. We have in every town of the district a local government under a local official."

**"The property-holding class in the islands is composed of persons who are pretty ignorant and who could not be expected to understand the situation. They are naturally our friends, but were under constant pressure to throw their fortunes in with the insurgents, and the result was a party was coming into power in the United States which was in favor of withdrawing the troops and giving the islands to the insurgents. If they stood out against the insurrection they would be likely to lose their lives and property as soon as we turned our backs."**

**The Lawless Element.**  
"With that kind of people, timid, ignorant, afraid to espouse a cause that might lead to their destruction, and with the most unscrupulous class in the islands in charge of the native forces, there was no use in going ahead. I stopped active operations after the nominations and tried only to protect my own men. The cessation of activities had a deplorable effect. The most lawless, unscrupulous people by the lawless element, partly sanctioned by the insurgent leaders."

**Results of the figures, which I can vouch for in the case of my province, are appalling. In the province of Pangasinan they killed over 1,000 native men, they would not swear allegiance to the government, and one narrow district, over 300 people were buried alive, possibly by Ladrones, but much more probably for the same reason. I took a number of Filipinos, killed eight men in one day within easy reach of my quarters. In the cases where the perpetrators of these outrages could be proved I acted severely."**

**"After the elections, when the natives learned that we were there to stay, the real end of the insurrection came."**

**The Surrender of Lieut. Gen. Mariano Trina had more effect on the Philippine natives than Grant's visit. The manifesto issued by Aguinaldo.**

### An Open Letter.

We desire to say that our business  
since January 1st has passed the mark  
anticipated. We wish to be frank  
therefore we are not attempting to  
talk to business people and put it in  
the form of a polished essay. The ad-  
vantage of having merchandise differ-  
ent from your competitors is appar-  
ent, provided that the retailer is  
known to be reliable. Does not a good  
deal of advertising appear to you as  
though the advertisers were indulging  
too freely in Fine Words? Most of  
them seem to say something that  
means nothing. Names are invented  
for goods that have no bearing what-  
ever to the materials; turned and  
twisted until they are no longer recog-  
nized, all of which is done to tone the  
product, because the product hasn't  
enough of it. Fine feathers make fine  
birds, but fine words do not make fine  
goods. We are strong believers in ad-  
vertising because it is a good thing,  
but advertising doesn't pay unless  
constructed on a proper basis, and  
that is to plainly tell people what you  
have to sell, and sell it as low as is  
consistent with legitimate business  
methods.

Our spring Importation of Dress  
Goods, White Goods, Carpets, Mat-  
tains and Housekeeping Goods gen-

sidered. Respectfully,

### Sunday Sermons!

THE TWENTIETH CENTURY MOVEMENT—  
ITS AIMS AND RESULTS.

Rev. W. F. Taylor of the M. E.  
Church, South, preached on the above  
subject yesterday morning, and gave  
some facts of general interest. The  
four leading churches of the Methodist  
Church were requested to raise \$25,000,  
and have secured to the present  
\$17,500,000 of the amount. The speaker  
urges co-operation in the grand task  
that is before all a voluntary thank  
offering. No Nation has been blessed  
as ours. We are the richest country in  
the world. Russia's wealth is \$25,000,  
000,000, Germany has \$32,000,000,000,  
France has \$42,000,000,000, the United  
Kingdom \$47,000,000,000, while the  
United States has \$100,000,000,000. No country  
has grown as ours. In 1800 our  
wealth was \$20,000,000,000, in 1870, \$25,  
000,000,000, in 1880, \$45,000,000,000, in 1890,  
\$65,000,000,000, in 1900, \$100,000,000,000.  
The Methodist Church has had a  
marvellous growth in the country. In  
1800 there were 207 Ministers and 65,000  
members. There are now 39,000 Minis-  
ters, more than 6,000,000 members and  
a property value of \$250,000,000. We  
should be grateful that when the South  
was impoverished the Vanderbilts  
made possible to the Church the Univer-  
sity bearing their name. To it they  
have given \$1,000,000. More than 490  
Ministers and 20 Missionaries have  
gone from its halls, besides hundreds  
of graduates to other walks.

This movement emphasizes dis-  
tinctly Christian education. Calvin  
said "This is Putting Christ at the  
Center and Making Him Yell to the  
Circumference." Thomas Arnold said  
"It is to Train for Eternity—the Head  
for the Highest Truth and the Heart to  
Love the Highest Good." Evan Huxley  
said, "Any System that Trains  
only the Intellect will Make a Fine  
Crop of Boondoggles." In this way  
great successful forgers, counterfeiters  
and defrauders. The Churches of the  
country have been true to their trust.  
Of the first 100 colleges in the nation  
had a distinctively denominational ori-  
gin. Recent statistics show that, of the  
415 colleges we claim 316 are  
supported by the Churches. Of the  
73,000 students, 36,000 are Christians.  
Of 2,500 students in ten leading col-  
leges of Kentucky 56 per cent. are  
Christians. There are 15,000,000 pupils  
in public schools and 24,000 teachers.  
The Churches should see that these  
teachers are Christians even if the  
schools remain secular.

To be prepared for the new century the  
Church must educate. The Greek youth  
in his oath of allegiance pledged him-  
self to transmit his native land, with  
its institutions, system of education  
and people, not worse but better than it  
was committed to him. We have a  
glorious heritage. What shall we give  
to posterity? Do we not owe to every  
boy and girl the best chance in the  
struggle of life? Only one-tenth of 1  
per cent. of the boys in the land get a  
college education. Out of this number  
some 50 per cent. of those who fill the  
positions of highest honor and greatest  
emoluments. Some succeed without an  
education, but they succeed in spite of  
their disabilities, and how much greater  
would be their success with proper  
training. The Church must educate for  
her own preservation. An intelligent  
laity will never be held by an ignorant  
Ministry. The missionary field espe-  
cially demands thoroughly equipped  
men and women. The idolatry of the  
age is the worship of Mammon. Chris-  
tian education, through liberal gifts to  
this cause, will do much to destroy it.  
Methodism, born in a University, must  
not prove recalcitrant to her trust.

### TAKEN AWAY.

Fleming County Prisoner Removed  
Yesterday to Covington.

That Flemingsburg "mob"—which  
appears to exist only in the minds of  
simpltons and other sensational news-  
paper correspondents—will not find  
Charles Gaskins in Mayville—when  
it comes.

Yesterday afternoon Chief Donovan  
and officer Harry Ort took him to Cov-  
ington for "safe keeping."  
Gaskins, it will be remembered, is  
charged with killing James Ryan, and  
upon his arrest at Charleston, W. Va.,  
he was brought here, waited examina-  
tion and was placed in the Mayville  
Jail.

His departure for Covington is not a  
source of regret by any means, but he  
was about as much danger from a  
"mob" as he is of breaking into New  
York's 400.

### PLEASED WITH HIS TRIP.

Mr. George H. Owens Writes Entar-  
tainingly of His Journey.

Mr. George H. Owens, who left May-  
ville a few days ago, favors THE LEX-  
INGTON with a short but interesting sketch  
of his journey to Texas:

DALLAS, TEX., May 14, 1901.  
My Dear Friend Tom:—Nature  
is at her best now. Through Indiana  
and Illinois to Missouri the sun shines  
on a pretty portion of our fair land. St.  
Louis surely is making rapid strides to  
the fore. The proverbial "hammer and  
saw" are not heard, being supplanted by  
the rattling machinery on steel struc-  
tures that are being built by the dozen.  
Instead of the piles of joints, rafters,  
etc., etc., with which we were wont to  
see as essential in great buildings we  
behold the finer little panting engines  
hoisting steel shapes to their places,  
which some fortune that could readily  
be imagined the ribs and frames of Ore-  
gon.

En route through Arkansas I was  
saddened of one pain with which I have  
been afflicted, namely, the scarcity of  
timber. Along our way there was nothing  
but timber, most of it second growth,  
however. There are yet several very  
large lumber mills which I learn can  
each on an average load thirty cars  
daily. I was impressed by one thing I  
have never heard mentioned of that Ar-  
kansas country—the numerous mounds  
which could be likened to hills on the  
surface of the level country. They resem-  
ble the tumuli with which we are  
familiar in the Ohio Valley, not so large  
nor high, however, but very num-  
erous and thickly distributed. Where  
these mounds are most numerous is in  
the vicinity of Hot Springs. GEORGE.

Further along in Arkansas Mr. Owens  
saw numerous signs "Farm Hands  
Wanted," and was pleased to note the  
absence of "hoboes" at any point along  
the route, this industry having been  
broken up since the departure of Demo-  
cratic Administrations from the White  
House.
